Educational Interpreting Committee Members

From a large pool of excellent applicants, RID has extended invitations to the following individuals to be on the new Educational Interpreting Committee:

D'Mita Boyd
Pam Brodie
Susan Brown
Kim Corwin
Liz Hill
Dr. Bern Jones
Lisa Schaefermeyer
Donna Snyder

The committee will begin work immediately. One of their first tasks will be to address member concerns, as summarized by the task force, regarding the EIPA as well as recommendations from CASTLE Worldwide with regard to ongoing monitoring of the EIPA instruments pertaining to validity and reliability.

The committee will initially focus on the mechanics of including EIPA interpreters in RID programs as well as identify and establish action plans for K-12 interpreter benefits in the association.

In the future, the committee will expand its scope of focus to include post-secondary educational interpreters.

The committee will make contacts with members of RID to work on special projects and will collaborate with entities and organizations such as the Educational Interpreters and Translitterators of RID special interest group, affiliate chapters, the National Alliance of Black Interpreters, the National Association of the Deaf, and Mano a Mano, and others.
