

**Region I Conference  
August 13 - 15, 2010  
Albany, NY**

Dear Region I members and colleagues,

Kelly Decker and Trudy Gilbert, as your newly appointed co-chairs for the 2010 Region I Conference in Albany, NY, are excited about working together to bring the best our region has to offer. We are committed to this endeavor and have the highest hopes that this conference will be a success.

The location of the conference is already in place and most committees are established. We are looking forward to working with all of you to bring together the top talent and resources from our region to our own "back yard." We are both from the Albany area and are thrilled to have this opportunity. August is a great time of year to hold a conference in Albany. Within the Capital District, there is the Saratoga Race Track, quaint local eateries, historical sightseeing and theater.

We are honored to work with all of you to bring together the 2010 Region I Conference. As the conference unfolds, more information will be coming to you. We look forward to working with the energetic, dedicated committees and welcome anyone else willing to work with us. Please feel free to contact us with your valued ideas and offers to make this conference a combined effort from each area within our region. Most of all we look forward to seeing everyone here in Albany.

All the best,

Trudy Gilbert CI and CT
